

Privacy, Data Protection and Cybersecurity

We offer a full range of services on privacy, data protection, and cybersecurity, including assistance in seeking adequacy to Brazil's GDPR-like data protection law (the Brazilian Data Protection Act), other sector-specific privacy and data protection laws, in Brazil and abroad (one-stop-shop service).

Our services cover

- Legal assistance on the compliance with national and foreign laws relating to privacy and data protection, including the Brazilian Data Protection Law (LGPD)
- Compliance projects to meet the requirements of the LGPD
- Advice on sectorial laws on privacy, data protection and information security laws applicable to a wide range of economic sectors, including health, insurance and financial areas
- Advice on the use of personal data in the context of data analytics, big data, IoT, and other data driven services
- Draft and review of corporate policies and contracts on the use of confidential information and personal data, policies on monitoring of employees, use of social media and IT resources
- Draft and review of privacy notices for apps and other digital platforms
- Counsel and drafting of data protection impact assessments
- Assistance with the requirements for international data transfers
- Development of data incident response plan
- Legal assistance for crisis management arising from data incidents, including advice in cases of ransomware attacks, out-of-court settlements, government investigations, individual suits, and class actions

- Drafting, negotiation, and review of agreements for the shared use of personal data
- Assistance to respond data subjects' rights
- Training to employees and service providers on privacy, data protection, and information security
- Drafting of educational content on the information security, as e-book and videos
- Assistance in interaction with consumer and data protection authorities, including the National Data Protection Authority (ANPD), including the submission of contributions to public consultations, prior consultations and administrative investigations
- Assistance in interaction with third parties, processors, and sub-processors
- One-Stop-Shop Service: Legal advice to achieve compliance in multiple jurisdictions, including LATAM countries, European Union (GDPR), United States, Canada, China and Asian countries (including APEC)
- DPO as a service
